Dear Ákos

Re: Council visit, Budapest – September 18th to 20th 2014

On behalf of our Council colleagues we write to thank you for hosting the recent visit of Council members to Budapest and for providing an opportunity for us to experience the unique character of the city and to meet its people. The standard of the facilities provided for us during our stay was exceptional and the vista from the meeting room at the Hotel Sofitel was breathtaking!

May we also ask you to convey to the Hungarian Tourism Board our sincere thanks for their generous hospitality? The city tour and the venue for our Council dinner on Thursday evening were the major highlights of our visit and we all greatly appreciated the time and attention which they devoted to making us all feel so welcome.

We all recognize that this visit was an opportunity to showcase Hungary and particularly the city of Budapest as a future venue for a major world meeting. We equally know that you will understand it would be unwise to make any future commitments at this stage. However, in terms of raising the profile of Budapest and highlighting its strengths and attractions, this visit was a resounding success.

Thank you again for the opportunity for us to visit you and your country. We look forward to our continuing collaboration and to supporting the growth and development of intensive and critical care medicine in Hungary.

Kind regards and best wishes,
